ACI Cargo Logistics Group Offices in Shanghai, Miami and Colombia in cooperation with Sinotrans (Energy Division) in China, transported via ocean from the Port of Shanghai to the Port of Barranquilla one heavy lift “Stator” at a weight of 181 metric tons. The piece was loaded to a river barge for transfer from the port to the new Colombia Geselca Power Plant located some 450 kms up the Magdalena River. A temporary offloading site was built at the river side town named Caucasia. The river barge trip took 8 days and another week was necessary to continue the 120 kms inland modular trucking where 5 bridges were reinforced to support the total gross weight of some 270 Tons (stator and modulars). ACI Cargo and Sinotrans since July 2011 to July 2013 transported some 80,000 CBM of freight for this project (Geselca - China United Construction Co).
